WHO

e AIRBUS

Is using Pikel Digital Signage for internal communication and live event broadcasting since 1996 and drives now more than 1000 screens worldwide.

e AIRFRANCE

Works with Pikel for more than 11 years using our constantly evolving software to communicate to customers in agencies and airport lounges and to their own employees.

e MONDELEZ

As global food producer recently decided to change from On-Premise to SaaS mode with the aim to expand their signage network to offices worldwide.

e ALSTOM

Is benefitting from the multilingual functionality to spread their corporate messages efficiently to production facilities in different continents

e SAIPEM

Started to use our solution in 2019. This new customer uses the wide range of possibilities to build their own attractive internal TV channel adding stock exchange and local traffic information.

e LEROY MERLIN

Has successfully equipped 150 stores with Pikel Digital Signage over the past 10 years to enhance their instant messaging with local information.
